UNITED STATES PATENT OFFICE.

DANIEL COOKE, OF CAMDEN, NEW JERSEY.

DESIGN FOR A TOY.

SPECIFICATION forming part of Design No. 18,489, dated July 31, 1888.

Application filed July 2, 1888. Serial No. 278,862. Term of patent 7 years.

To all whom it may concern:

Be it known that I, DANIEL COOKE, a citizen of the United States, and a resident of Camden, New Jersey, have invented a new and original Design for a Toy, of which the following is a specification.

My design for a toy is fully shown in the accompanying drawing, which represents a front view of the toy.

10 The prominent characteristic of the toy is the representation of the conventional figure of a clown holding a ring or hoop, other features of the design being the representation of an animal and a barrel or like receptacle, the

whole being arranged, as shown, upon a suitable base.

I claim—

The design for a toy, said design comprising the representation of an animal, a barrel or like receptacle, and a clown holding a ring or hoop, all substantially as described and shown.

In testimony whereof I have signed my name to this specification in the presence of two subscribing witnesses.

DANIEL COOKE.
